Call for Workshops

Our conference will once again be hosted by the Whova platform and this enables us to offer a wide range of activities and events beyond our normal range of papers and workshops. We are particularly looking for creative, innovative and participatory workshops that will enhance the programme and contribute towards the overall theme (however broadly).

Please note: A workshop is not simply a long paper! A workshop should involve participants in active engagement, sharing and learning. This can take any number of forms, for example through guided exercises (writing, drawing, meditation or reflective exercises), through discussion and small group work, and so on.

Workshops can be 40 minutes or 80 minutes duration (please specify).

We welcome 200 – 300 word abstracts for workshops. Please:

- **make clear how you intend to involve participants in the workshop, and what the outcome of the workshop will be.**
- **state minimum and maximum number of participants to make the workshop viable.**
- **submit your abstract as a word document and include your name, institution, geographical location (so we can know your time zone), title of workshop and email address, and a brief autobiographical sketch of the workshop leader(s).**
- **email your proposal to workshops@biapt.org**

Deadline for submissions is 1 March 2023 by 5pm GMT.

We will inform those whose workshops have been accepted by 1 April 2023.
